

Item no. 11-0600-CO

Atlantic trawl floats are made from the best materials available, and are designed to withstand heavy blows and high pressure.

Trawl floats with centre hole, designed for general trawling. Strong and durable.

Item no.	11-0600-CO
Diameter	11" / 280 mm
Volume	11 L
Weight	2490 g
Maximum depth	850 m
Working depth (4h)	600 m
Buoyancy	8610 g
Impact strength	30 kgm
Hole size	21 mm / 24,5 mm
Lacing hole	Centre
Colour	Orange

Buoyancy has been measured in fresh water. In salt water the buoyancy increases.
