

Item no. 14-0800-CY

Atlantic trawl floats are made from the best materials available, and are designed to withstand heavy blows and high pressure.

Trawl floats with centre hole, designed for general trawling. Strong and durable.

Item no.	14-0800-CY
Diameter	14" / 360 mm
Volume	25 L
Weight	7145 g
Maximum depth	1100 m
Working depth (4h)	800 m
Buoyancy	17600 g
Impact strength	55 kgm
Hole size	30 mm
Lacing hole	Centre
Colour	White or yellow
Shipping data per box / pallet:	
Quantity, box / pallet	2 / 30 pcs
Weight, box / pallet	16 / 240 kg
Measurement, box / pallet	0,11 / 1,65 m ³

Buoyancy has been measured in fresh water. In salt water the buoyancy increases.
